

Be Confident Your Next Implementation Will Be Successful . . . And Less Painful!

“ *The AJC project management was instrumental in our team meeting our deadline with our ERP system selection and implementation.* ”

Brad Lyons – President, Power Systems West

Over
50%
of first time ERP
implementations
fail*

Let AJC help you beat these odds!

AJC consultants are highly experienced in project management of system selections and system implementations as well as change management. They will guide you and your team through our proven process to ensure you:

- Select the right system that offers **scalability** as your business or needs grow
- Collect input and **gain alignment** from key stakeholders, users, and vendors
- **Proactively plan** for anticipated blockers, impact, and resistance
- Build user excitement and awareness while **increasing adoption and utilization**
- Create a **seamless user and customer experience**
